Water Service Approval > Checklist

Please use the following checklist to ensure that you have completed all necessary steps to receive approval for the installation of water service to your property.

1. Apply for and receive all required permits from Utah County. This may include access, minor campground and/or building permits.
2. Contact Utah County Public Works, Brady Christensen, 801-420-3336.
3. Follow direction of Utah County Public Works for required right of way, survey, and installation.
