Electrical Service Approval > Checklist

Please use the following checklist to ensure that you have completed all necessary steps to receive approval for the installation of electrical service to your property.

1. Apply for and receive all required permits from Utah County. This may include access, minor campground, and/or building permits.
2. Contact Rocky Mountain Power New Construction Dept., 800-469-3981.
3. Follow direction of Rocky Mountain Power for required right of way, survey, and installation.
